MicroChannel Services

Janty Kanvan Ltd was founded in 1995 and specializes manufacturing of BiC gas lighters and wholesale of BiC ballpoint pens and disposable shavers along with other various types of stationery items. They are the largest wholesalers of stationery and paper products in Fiji supplying to Fiji's leading bookstores including Government owned Post and leading supermarkets.

Customer Challenges

- Experienced high level of employee frustration due to time consuming and cumbersome data entry which resulted in high volume of data entry mistakes.
- Sales has decreased visibility to pipeline and open quotes as well as limited control over gross profit.
- Finance team had a lot of redundant processes. No rules for creating Business Partners.

Solution

- B1 Usability Package is validated and trusted extension tool for SAP Business One.
- It provides the ability to automate and simplify their operation while minimizing mistakes and omissions.

Results

- Pop up messages displays critical, real time BP or item related info just in time.
- Added buttons on master data forms to retrieve centrally stored documents and other specific key data, which reduces clicks and saving time.
- We have implemented our own custom approval procedures with internal alert messages as well as emails going to approvers.

"WE NOW HAVE A MORE ROBUST SYSTEM THAT MAKE OUR STAFF IS MORE EFFICIENT AND HAPPIER. THEY NOW FINALLY HAVE MORE TIME TO DO REAL WORK"
