Produmex WMS

FEATURED PARTNER

Vanguard Myanmar

Resources Group Logistics is a subsidiary of National Infrastructure Co., Ltd and a pioneer in establishing Myanmar's first-ever dry ports in the country since November 2018. Their dry ports in Yangon and Mandalay offer one-stop logistics service, which includes: General Warehouse storage, bonded warehouse, and Container Freight Station storage, export and import customs clearance services, short and long-haul truck transportation, outdoor yard storage and handling.

Customer Challenges

- Need for accurate visibility of inventory.
- Need for time efficiency.
- Human error in excel data entry could lead to delays in issuing invoices to the customer putting their business reputation at risk.
- Lack of absolute stock control.

Solution

- Real-time visibility of stock allocation.
- Generate reports in minutes instead of months with full data accuracy.

Results

- Greater and more accurate inventory visibility.
- Time efficiency: 80 % productivity increase in work operations such as receiving, picking, packing & shipping. And lead time becomes predictable.
- Increase customer satisfaction because of real-time inventory reports and complete information.

“Produmex WMS has improved our warehouse operations and increased customer satisfaction”

Ms. Aye Nyein Thu, MD
